Procraft CARSTAR auto body presented a 2001 Honda CRV to Sarah Jane Lattin and her two small children in a ceremony and reception at 917 Central Ave. in Great Falls on Monday, January 30, 2012.

This is Procraft CARSTAR's first year participating in the National Auto Body Council Recycled Rides program. State Farm Insurance donated the damaged vehicle. Charity Cars assisted in selection of the recipient, a single mother with two small children. The additional generous contributions of the following made it possible for us to successfully complete the project.
